IKE'S NOD DELIGHTS REPUBLICANS

Demos Offer A Caution

WARNING GIVEN OF 'ARDUOUS CAMPAIGN'

By WILLIAM THEIS
WASHINGTON (INS) — President Eisenhower's reaffirmation that he will run for a second term elated Republicans Tuesday and drew from Democrats only a mild warning that he faces an "arduous campaign."

The announcement cemented the prospect of an "Ike and Dick" 1956 ticket. Neither Republican nor Democratic leaders were surprised by the President's Gettysburg declaration, conveyed through congressional chiefs, that he will go ahead as a candidate despite his recent operation.

But the GOP legislators were plainly relieved to have the news which set aside any doubts they have had on the chief executive's intentions.

Bluntly Clear
Some Democrats made it bluntly clear that the issue of "part-time President" now is certain to be in the campaign.

Senate GOP Leader William F. Knowland, who announced that Mr. Eisenhower had informed the

He'll Run
President Eisenhower passed the word through GOP congressional leaders Tuesday that his hat is still in the ring. Story on Page 8.

GOP chiefs of his plans, said he laughingly told the President: "This is a better way to find out than through Mr. Hagerty's smile."

This was a reference to the grin with which presidential news Secretary James C. Hagerty told reporters at Gettysburg last week that the President had talked politics with his top aides.

Talks With Johnson
Senate Democratic Leader Lyndon Johnson (D-Tex.), disclosed that Mr. Eisenhower telephoned him of his plans almost simultaneously upon advising the GOP House-Senate leaders. Johnson told newsmen after he was called from a committee session to the telephone.

"I have just had a talk with the President on the telephone. He told me he felt good. I am happy that his health is such that he is up to an arduous campaign. It will be an arduous campaign."

Stevenson "Delighted"
Like Johnson, Adlai E. Stevenson, presidential contender, said he is "delighted that the President feels in good enough health to run again for the presidency."

Rep. Celler (D-N.Y.), said: "The President will reign but still be a part-time President. No man who has suffered heart occlusion and ileitis, which are subject to recurrence, can ever have an absence of a fair degree of worry about his physical condition."

Republicans voiced unbounded joy over the news and said there is no doubt that Vice President Nixon will be on the ticket.

New Ford Fund President Heald Lincoln Native

NEW YORK (INS)—The board of trustees of the Ford Foundation announced Tuesday night the election of New York University President Dr. Henry T. Heald as president of the Foundation.

Heald will resign his university post to begin his new duties on Oct. 1. Succeeding H. Rowan Gaither Jr.

Knowland Says Ike Will Run

Sen. William F. Knowland (right) California Republican Senate minority leader, told newsmen that President Eisenhower would run for a second term after Knowland and other GOP legislative leaders conferred with the President at Gettysburg College. Here Eisenhower turns to talk to Knowland as the group posed for photos after the conference. Behind is Sen. Leverett Saltonstall (R-Mass.) (AP Wirephoto.)

'Not Headline News To Me'

Smiling, former President Harry S. Truman says the news that President Eisenhower will seek re-election "is not headline news to me" at a press conference.

Agriculture Department Check Of Drought Areas Starts Today

A federal government check into drought conditions in 11 Nebraska counties which have asked relief will get under way Wednesday.

The office of Gov. Victor Anderson was advised late Tuesday that Robert Hall of the USDA's division of agricultural credit services, will start the survey at the state Agricultural Stabilization and Conservation (ASC) headquarters.

Hall arrived here Tuesday night from Iowa where he has been on a similar mission.

Gov. Anderson has asked that drought area designations be given 11 counties so farmers can graze livestock on land placed in the soil bank. The counties include Dixon, Cedar, Greeley, Colfax, Stanton, Platte, Boyd, Knox, Butler, Douglas and Polk.

Land placed in the soil bank acreage reserve is not supposed to be grazed or cropped, but the Agriculture Secretary can make an exception where a feed shortage emergency develops due to natural disaster such as drought.

LIBRARY HIKES BUDGET \$36,000

A City Library budget of \$228,900 — \$36,000 higher than this year's — was proposed by the Library Board at a closed session Tuesday. For Don Walton's complete story of the budget and the Board's stand on a future bond issue, see Page 3.

It's Not News -- HST

Truman Repeats Part-Time Charge

CHICAGO (INS) — Former President Harry S. Truman said Tuesday he hopes President Eisenhower has a "complete recovery" from his recent illness but repeated his charge he considered him a part-time President.

Informed at a Chicago news conference that Mr. Eisenhower had announced he will run for a second term, Truman asserted: "That's not headline news to me. I'm sure this is his own decision. It would have to be."

Democratic presidential aspirant Adlai E. Stevenson, with whom Truman had breakfast Tuesday, said in a statement he was delighted that Mr. Eisenhower feels "good enough to run," and added: "Vigorous Debate"

"The nation will benefit in the coming months from searching and vigorous debate."

Truman declined to comment on the President's health, declaring "I'm not a doctor." But he pointed out he already has charged that Mr. Eisenhower has been a part-time President since taking office in 1952.

At a luncheon where he was presented with a check for \$85,000 for the Truman library, the former President said the duties of the Presidency comprise a job to keep "four or five men" busy.

"My sympathies are always with the President," he said, "I know exactly the burden he must face. When I was in office I sometimes worked 16 hours a day, seven days a week."

Truman added: "I know all the things a President must do—and after the nominating convention I'll try to tell you some of the things he hasn't done politically."

'Good Campaign'
At his news conference, Truman declined to say what he and Stevenson had discussed during their first face-to-face conference in nearly nine months.

But in reply to a question, he said he believed Stevenson had conducted a "very good campaign" in the 1956 primaries, adding: "I think he learned a lot in 1952."

In his memoirs, Truman wrote critically of Stevenson's campaign strategy when he ran as the Democratic presidential candidate four years ago.

Truman spoke highly of 36-year-old Tennessee Gov. Frank Clement, who was named keynote for the national convention in Chicago next month. He said he believed the young men must take over from the oldsters and "run the country."

Asked whether he thought Clement would make a good vice-presidential nominee, Truman replied that he was not supporting any individual at this time but would back whoever is on the Democratic ticket.

Ambushed

ALGIERS, Algeria (AP)—A French convoy was ambushed by nationalist rebels only 35 miles from the capital and the unit lost seven dead and 11 wounded.

The ambush was in the region of Palestro, southwest of Algiers, where French patrols have run into frequent ambushes.

Power Plant Site Cleared

Down goes one of the big trees on the site of the new Lexington, Neb., steam generating power plant of the Central Nebraska Public Power and Irrigation District, as construction begins on the Ralph O. Canaday plant.

Work began Tuesday morning with bulldozers coming in to level the land and remove trees from the plant's location. Shown above is Ralph Putnam, of Gothenburg, driving the big machine and dragging a tree from the side of an irrigation canal. (Star Staff Photo.)

Lexington Power Plant Work Begins

By RICHARD FELLMAN
Star Staff Writer
LEXINGTON, Neb. — Work began Tuesday morning on Tri-County's new steam power generating plant a few miles south of this central Nebraska city.

To be officially named the Ralph O. Canaday steam power generating plant, bulldozers moved in and began cutting trees and leveling land in preparation for the 100,000 kilowatt facility.

According to Ted Johnson, assistant chief engineer for Central Nebraska Public Power and Irrigation, the contractor of the \$17 million project, plans called for completion during July, 1958, in time to meet the anticipated power needs of the state during 1958 and 1959.

Preliminary planning on the plant's future site, began last fall with surveying and compaction tests to determine the design of the plant's foundation. All this was done on the 52 acre plot prior to the first winter freeze.

The final go-ahead for the plant was given by the board of directors of CNPPID during August 1955. Purchase of the land was made at a cost of \$300 per acre.

Power generated in the Canaday plant will be made available to power users throughout Nebraska, a spokesman for Tri-County said. Tri-County is acting as its own general contractor for the entire building project and is doing the preliminary work itself. Sub-contracts will be let on major portions of the construction, a spokesman said, "about \$1 million, can be saved in original costs."

Work is also currently under way on the two highest priced items going into the new plant, the generator and the boiler, each costing in the neighborhood of \$3 million.

STATE'S CROP NEWS GOOD

Welcome news greeted Nebraskans Tuesday in the form of a 1956 corn crop forecast of 198,624,000 bushels or 32 bushels per acre. The figure compares with a 1955 crop of 95,200,000 bushels.

Detailed story appears on page 7.

Twining Relates Row By Top Red Bosses

Bulgarian Told Khrushchev 'Shut Up'—He Didn't

By ROSE MCKEE
WASHINGTON (INS)—Gen. Nathan F. Twining was reported to have testified Tuesday that Russia's two top officials got into a row at a Moscow reception after both had drunk too much vodka.

Members of the Senate Armed Services Committee quoted the Air Force chief of staff as saying that Nikita Khrushchev, Communist party chief, insulted air leaders from the U. S., France, Britain and West Germany who were at the lavish affair.

Twining was also reported to have testified that at one point, Soviet Premier Nikolai Bulganin shouted at Khrushchev to "shut up"—without success.

Committeemen, who would not permit use of their names, said that Twining was informed by interpreters that Khrushchev said he "liked President Eisenhower but disliked the men around him."

Twining testified behind closed doors on his recent trip to Moscow. Sen. Stuart Symington (D-Mo.), later told reporters that the Air Force chief endorsed the 900-million-dollar boost which Congress voted in the Air Force budget over the Eisenhower administration's objections.

This provoked Khrushchev, who stood on the bank among a group of diplomats and visiting air officials. He launched into a bitter speech against Western nations.

'Shut Up'
Khrushchev ridiculed Western achievements until Bulganin shouted at him — without success — to "shut up." Senators quoted Twining as saying other Russians asked him to forget Khrushchev's behavior, explaining it resulted from "too much vodka and his temperament."

According to committeemen, Twining passed up most of the vodka toasts offered at the reception. At one point, one of his aides dumped a drink on the ground and the Russians wanted to know why. They were told that the general was temperate and would not try to match his Communist hosts drink for drink.

Ruins High School

No Classroom Space Left In Town

Lincoln Star Special
AURORA, Neb.—Flames completely destroyed the two-story Aurora High School building Tuesday afternoon, bringing added woes to an already critical school housing problem for this Hamilton County seat town. The building and equipment were a total loss. Authorities estimated the damage at \$250,000.

Volunteer firemen at Aurora together with Grand Island fire fighters continued to watch over the smoldering ruins all night. They were able to keep the flames from spreading to the nearby South School building.

An alarm was turned in at 12:30 p.m. by Merrick County Sheriff Roland D. Gibson of Central City who spotted the flames and smoke while driving to Aurora on Highway 14. The sheriff immediately radioed a report of the fire to the Hamilton County sheriff's headquarters.

The Howard Jones family reported seeing flames coming from the west gable of the attic of the school building at 12:30 p.m.

Torch Suspected
Early speculation was that a blow torch used on the roof of the building Tuesday morning by workmen probably caused the blaze. The workmen were also varnishing and painting in the attic earlier Tuesday.

Shortly after the fire was discovered there was an explosion which enveloped the entire top floor in flames.

Firemen made a vain attempt to save the science room and equipment in the blazing building by entering the inferno.

Supt. E. D. Humann, head of the Aurora schools for the past 10 years, was among those on the scene. He was unable to disclose immediately any plans for caring for the students this fall.

He said that the School Board would meet Wednesday night to try to decide on a temporary plan for housing students in the fall.

Housed Top Grades
The 46-year-old building housed the four high school grades in addition to the seventh, eighth and two fourth grade rooms together with the cafeteria.

After three special elections, Aurora voters just this spring finally gave approval for a new \$400,000 high school building. Although ground has been broken for the structure it will not be completed for use until a year from now, school officials disclosed.

Plans were to use the old high school building for grade school facilities, now badly overcrowded. The first, second and third grades are in the two ward school buildings. Kindergarten classes are held in the basement of the city library.

District Enlarged
An extensive re-districting program first brought Aurora's school housing situation to a critical stage. Thirty districts have been added to the Aurora city district in the last few years. Eleven school buses operate to transport about 400 students into Aurora.

Approximately 300 students were housed in the old high school building last year. Total enrollment in the schools stands at about 500.

Aurora volunteer firemen worked Tuesday under the direction of Eldon Higby, fire chief. The total number of fire fighters was near 50.

The last serious fire in Aurora occurred in 1947 when the Shoney Lumber Company buildings burned.

Officials said insurance carried on the lost school building totaled \$120,000.

Ike Gives Lawmakers Huge Assignment

A Dozen 'Priority' Bills Listed ... For Early Action

WASHINGTON (AP) — President Eisenhower Tuesday handed Congress a big assignment—action on more than a dozen "priority" bills before adjournment. Topping the list are foreign aid funds, school construction and civil rights.

Eisenhower pressed his legislative program in personal appeals to both Republican and Democratic leaders. But with Congress aiming for adjournment later this month, it was obvious he could not expect favorable action on all his requests, many of them highly controversial.

Nevertheless, Eisenhower looks for "a substantially good batting average," Senate GOP Leader Knowland of California reported. Knowland and other Republican congressional leaders met with Eisenhower at Gettysburg, Pa., to go over the President's plans for the final weeks of the session.

Chairman Bridges (R-NH) said Knowland went over Eisenhower's requests one by one. He said there was no effort to put the GOP senators on record on the various proposals.

One of the items listed by Knowland was extension of the Defense Production Act—a measure already passed by Congress and signed by Eisenhower. Knowland later explained he included this by error.

Foreign Aid At Top
Topping the list was the foreign aid money bill which the House will vote on Wednesday. Knowland said Eisenhower is hopeful the funds voted will be in "substantial" accord with the four billion dollar authorization which Congress passed Monday.

House GOP leaders have said they will leave it to the Senate to initiate any move to add funds to the bill, which now totals \$3,600,000,000—some \$1,400,000,000 less than Eisenhower originally requested.

Knowland also said "we certainly haven't abandoned the possibility" of reviving the federal school aid program which the House sidetracked last week.

But Bridges said on returning from Gettysburg that he saw little hope for such a move.

Another proposal which Bridges said Eisenhower plugged for was civil rights legislation—an item which is scheduled for House action but which would almost certainly be talked to death by Southern Democrats in the Senate.

A Social Security bill expected to come before the Senate next week was also on Eisenhower's list. As this measure now stands, it would lower the retirement age for widows from 65 to 62.

Trouble-Some Service
WEST MEMPHIS, Ark. (AP) — Mrs. Samuel A. Simmons says she recently bought a sewing machine and the accompanying instruction booklet said, in part: "Give your machine proper care and it will provide many years of trouble-free service."

Tour Granted

HENRY CABOT LODGE Jr. calls U.N. sessions "fateful"

Lodge Accuses Gromyko

... Of Contempt For U.N.

UNITED NATIONS, N.Y. (AP) — Henry Cabot Lodge Jr. Tuesday accused Russia's Andrei A. Gromyko of showing contempt for the U.N. members who had endorsed President Eisenhower's aerial inspection plan as a step to disarmament.

Lodge, chief U.S. delegate, told the U.N. Disarmament Commission that President Eisenhower's "open sky" proposal would go far toward preventing surprise attacks. He asked Gromyko if the Russians are opposed to making surprise attacks impossible.

Gromyko, deputy Soviet foreign minister here for the 112-nation commission meetings, sat impassively as Lodge spoke.

Strong Words Voiced
Last week Gromyko called the Eisenhower proposals "notorious." He attacked the Western disarmament position in such strong words that veteran commission members said East and West are farther apart than ever. With that in mind, Lodge said the commission sessions now are "fateful."

Britain's Anthony Nutting told the commission he was disappointed in Gromyko's stand. He said there was nothing in the declaration which should not furnish common ground with Russia, and appealed for Gromyko's approval.

The principals, backed by all of the commission except Russia, are intended to serve as guidance for a five-nation disarmament subcommittee when it resumes work. The Big Four and Canada compose the subcommittee.

State Board Denies Ansley Beer Permit
The beer license application of Clarence Marsh of Ansley, Neb., has been denied, the Liquor Control Commission reported Tuesday.

The village board had recommended denial. The commission noted that the Marsh application would have increased the number of licenses at Ansley beyond the four prescribed by Ansley city ordinance.

18 Rebels Die
ALGIERS, Algeria (AP) — French authorities reported 18 national rebels were killed in two sharp clashes near the Tunisian border.

E. German Reds Claim Defector Brought Secrets

BERLIN (INS) — East German officials said Tuesday a former U. S. intelligence agent defected to the Communist camp May 21 and brought with him a chest crammed with intelligence secrets and the names of 137 other alleged agents.

The defector was identified as Horst Hesse, 34, a German national. The East Germans gave out details of the Hesse story as the State Security Ministry announced that a number of Germans had been arrested in connection with the Poznan revolt. The ministry said the suspects were accused of smuggling "American agents" into Poland through East Germany to stir up trouble, and added they will be tried in East Berlin.

He was produced at a news conference in East Berlin where he rattled off the names of West Germans he said had operated in East Germany as agents for the American Military Intelligence division (MID) in Wuerzburg, West Germany.

Hesse said his secret files also contained more than 2,000 addresses used by the undercover agents.

Wife Of Minister Says He Admitted Affair In Hotel

MIAMI (INS) — The pretty wife of a Staten Island, N. Y., minister testified Tuesday that her husband admitted spending a week in a Toronto hotel with one of his wealthy parishioners.

Mrs. Thomas Graham Northcott, defendant in a divorce suit filed by her husband, identified the "other woman" as 35-year-old Mrs. Zenaida Peck. Mrs. Peck's elderly husband died recently, reportedly leaving her an inheritance of approximately \$1,000,000.

Mrs. Northcott, during a three-hour stint on the witness stand in the courtroom of Miami Circuit Judge Ray Pearson, said her husband throughout their 13 years of married life had been "connected in gossip" with one of his women parishioners after another.

She said the beginning of the end of their marriage started in the spring of 1954 when her husband took over the First Presbyterian Church of Staten Island and met Mrs. Peck.

She testified her husband was constantly in Mrs. Peck's company and eventually hired her as his secretary. She said the two worked in the study of the church and when it was necessary for her to go to the study to deliver a message, "I would find the door locked."

Mrs. Northcott said her husband eventually began "ignoring" her and that during the vacation they took in Canada in 1954, "he refused to sleep with me."

Crank Calls Pour In On Kidnap Case

WESTBURY, N. Y. (AP) — A new rash of crank telephone calls Tuesday deepened the agony of kidnaped Peter Weinberger's parents.

Seventeen telephone calls were received at the Weinberger home in a matter of hours. All were from cranks. All were anonymous. They came as far away as Chicago and Pontiac, Mich.

As far as police were concerned, the search apparently was at a dead end. The best they could do was plead with the kidnaper to give up the 5-week-old baby.

The FBI is expected to throw its full force of crack manhunters into the case Wednesday, one week after the baby boy was snatched from a carriage on the patio of his home.

G-men can move into a kidnap case after seven days or after the victim has been taken across state lines.

The kidnaper left a note on the Weinberger patio demanding \$2,000. Last Friday, a telephone call upped the ransom demand to \$5,000. At the time, the child's father, Morris, a wholesale drug salesman, accepted the caller as the kidnaper.

But the intrusion into the case of hoax telephone callers has cast some doubt on the sincerity of the Friday call.

Two men accused of such a hoax were taken into Queens County Court on charges of attempted extortion and giving false information to police.

Future Airliner Flies 507 MPH

LOS ANGELES (AP) — A huge four-engine jet plane—a prototype of the jet airliners of the future—flew from Seattle to Los Angeles in 1 hour and 57 minutes Tuesday.

Test pilot Tex Johnston of Boeing Aircraft Co., makers of the 80-ton plane, said the average speed was 507 m.p.h. Officials at Los Angeles International Airport said it was the speediest flight ever made between Seattle and Los Angeles by a commercial airplane.

Boeing officials said the plane is a prototype of the larger 148-passenger jet Stratoliners due for delivery in December of 1958.

Thorough Search For Missing Girl Urged By Parents

GREEN ROCK, Ill. (AP) — The parents of Mellie Joyce Spencer, 17-year-old Green Rock girl missing since last Thursday, issued a plea Tuesday for the search of old farmhouses and river cabins in the area.

A warrant was issued last week charging Thomas Bellows, 20, of Davenport, Iowa, with kidnaping the Henry County girl. The two went together for more than a year and had originally planned to be married, the girl's mother said.

The father, Marshall H. Spencer, said, "I believe they're still within a radius of 25 miles of the Quad Cities." Mrs. Spencer suggested they might have returned to Washington, D. C., where Bellows attended school from February to June this year.

"I know this is not an elopement," said Mrs. Spencer. "I hope that the worst that has happened is their being married. We know if she wasn't prevented she would have contacted us."

A warrant for Bellows' arrest was issued Thursday by Henry County authorities after he drove away from the Spencer home with the girl.

Nixon, Spaniard Discuss Problems While Dogpaddling

PALMA DE MALLORCA, Balearic Islands (AP) — Vice President Richard M. Nixon and Spanish Foreign Minister Alberto Martin Ariza talked over Spanish-American problems Tuesday during a swim in the Mediterranean Sea.

Nixon arrived by plane from Ankara where he discussed Turkey's economic problems and the Cyprus issue with Turkish leaders. After a four-hour stopover, Nixon and wife flew off for Washington.

No information was made available on the talks between Nixon and Martin Ariza. Reliable sources said the subject was more financial aid to Spain.

This was Nixon's first visit to Spain. He has been on a round-the-world trip which in the past week has taken him to the Philippines, South Viet Nam, Formosa, Thailand and Pakistan.

Russ May Have Arms Surprises ... Twining Says

WASHINGTON (AP) — Gen. Nathan F. Twining, Air Force chief of staff, warned Tuesday that Russia may give the West a "technological surprise in new weapons."

While he got only a glimpse of Soviet air power on his recent visit to Russia, Twining told the Senate Armed Services Committee it was enough to put him on his guard.

"I feel that our visit substantially strengthened our previous assessments that the USSR, while certainly not abreast of us today, can and is progressively narrowing the technological lead of the West generally and of the United States in particular," he said.

What Reds Stress
He reported the Russians are putting emphasis on thorough training of carefully selected personnel, squeezing the maximum potential from a jet engine of western origin and developing powerful new engines of their own. He added:

"We must in prudence reckon on the possibility of their achieving scientific breakthrough and consequent technological surprise in new weapons."

New Mechanic

SOLIHULL, England (AP) — Group Capt. Peter Townsend, the Royal Air Force hero Princess Margaret decided not to marry, went to work as a mechanic at an automobile factory.

The job will last a week or so. It pays no salary. Townsend took the job in order to learn all about the automobile he plans to drive on a solo round-world tour starting in a few weeks.

Funds Released

BELGRADE, Yugoslavia (AP) — The U. S. government has released 13 million dollars worth of counterpart funds to be used in housing projects in 11 Yugoslav cities, it was announced.

Fleeing Kearney School Youths Are Recaptured In Stolen Car

GRAND ISLAND, Neb. (AP) — Four teen-aged youths who escaped from the Boys Industrial School at Kearney Monday night were captured with a stolen car in their possession Tuesday when a Grand Island police officer fired a charge of buckshot into the fleeing car.

Police Chief Joe Bosler said officers Robert Starr and Al Grubbs pursued the car nearly eight miles east of Grand Island and halted it only when a charge from Grubbs' riot gun smashed the rear window of the car and one pellet scratched the driver's arm. The rear vision mirror also was smashed.

Bosler identified the four as Robert Tiff, 16, of 6300 Hartley, Lincoln; Rudy Dias, 15, Scottsbluff; Danny Bomar, 16, Superior, Okla.; and Earl Seymour, 17, Sturgis, S. D.

The four escaped from the Kearney institution about 10:45 p.m. Monday, he said, and took a train to Grand Island.

The chain of events leading to their capture were set off when Monty Kyhn looked out of his window and saw his 1954 model car being driven away early Tuesday.

He notified police at once but meanwhile Starr and Grubbs noticed the car as they patrolled Second Street. They had just turned the corner when the call came in reporting Kyhn's car stolen, reached them on their police radio.

Smashed Rear Window
The two policemen wheeled around and gave chase. They attempted to force the fleeing car off the highway and were nearly forced off the road themselves during the chase, the officers said.

Finally a charge of buckshot smashed the rear window. The officers said when the car halted three of the youths were lying on the floor of the car and the driver was hunched low over the wheel. The report did not state which of the youths was driving the car.

The four were jailed for Kearney school officials.

Vegas Cops See Possible \$Millions Plot
LAS VEGAS, Nev. (INS) — Las Vegas police Tuesday are investigating what may be a plot to cash in on millions of dollars held by an absconded aide of Gen. Chiang Kai-shek of Nationalist China.

Police Chief Ray K. Saeffer said an abortive "extortion" case which flared in the gambling resort only produced news of what could be attempts by Gen. P. T. Mow, former Chinese official, to break his huge money horde into usable amounts.

The so-called "extortion" case involved the arrest of four men, one of them a reputed leader of the Mafia, dreading "Black Hand" crime syndicate, on charges of shaking down a Las Vegas casino owner for \$47,000.

Mafia Official
The four suspects were identified as Joseph J. Spinuzzi, 30, said by the Chicago Crime Commission to be the number three ranking Mafia official in Colorado; his son, Las Vegas dealer Samuel J. Spinuzzi, 25, and two New York ex-convicts, John Maggio, 32, and Anthony Riccio, 35.

The name of their supposed "extortion" victim was kept secret for fear of reprisals against him. The suspects were arrested after their victim's wife had complained to police they were trying to force him to pay \$47,000. But the four were released after extortion evidence was not verified.

One of the four, Riccio, was quoted by Saeffer as giving the story of the attempts to take huge bills from Gen. Mow's agent and breaking them into smaller denominations of currency.

With more years of research...more study and experimentation...more major contributions to dental hygiene during the past 79 years than any other company in the world, COLGATE—WORLD LEADER IN TOOTHPASTES—NOW ANNOUNCES

COLGATE BRISK FLUORIDE TOOTHPASTE

Contains the ONLY FLUORIDE proved in 10 years of clinical tests

HARDENS TOOTH ENAMEL, MAKES TEETH STRONGER
starts working instantly.
TO DEFEAT DECAY

Scientists proved this Fluoride
and Brisk's Fluoride is the only Fluoride proved in 10 year clinical tests... the same fluoride now being used successfully in water supplies... the same dentists use successfully to reduce decay. That's why this same fluoride, so widely approved by medical, dental and governmental authority, is now in Brisk.

Benefits both adults and children
Brisk's Fluoride/85, Colgate's exclusive new formula, helps protect all permanent teeth whether in adults or children over six. Brisk's Fluoride is instantly released... works on contact as you brush your teeth... strengthens tooth enamel as no other decay-preventive ever could.

Works even while you eat, drink or sleep
because Brisk's Fluoride/85 not only gives you wonder-working Fluoride to strengthen tooth enamel, but provides a second, tested decay-fighter that starts working instantly... keeps working all day against the formation of decay-acids. Unless you get Brisk, you cannot get the benefits of Fluoride/85.

Only BRISK has FLUORIDE 85,
gives extra protection Fluoride alone can't give — works best where you need it most

FLUORIDE 85

Brisk's Fluoride concentrates in weak or "soft" spots where decay usually starts — combines with and becomes part of the tooth enamel — thus protects as no other decay-fighter can. And Brisk's stay-active decay-fighter reaches into crevices between teeth — starts working instantly to defeat decay.

WONDERFUL FLAVOR!
Helps keep breath fresh all day!
And there's no "ummy" aftertaste with new Brisk! Your mouth tastes sparkling cool and sweet! Brings out all the natural whiteness of teeth!

The city Library Board Tuesday reportedly approved a proposed budget for the year of approximately \$228,000, representing an increase of some \$36,000 over last year's budget of \$192,331.

The Board, meeting in an executive session from which the press was barred, was also reported to have accepted a report by its building committee which stated there was no plan to again submit a main library bond proposal until "such information is available as the possibility of an alternate tax base" and there is some "substantial evidence of public support and understanding of the need for a new central library."

Library Director Charles E. Dalrymple reported the events of the closed Board session to reporters after the meeting.

Item By Item

The proposed budget will be prepared in the proper form before going to the City Council July 16. The Council will approve or refuse the budget item by item.

The increase in the budget proposal is chiefly due to an increased service demand, Dalrymple said. In the past year, he added, the library system served 4,000 new patrons, experienced a 30 per cent increase in registration and a 10 per cent gain in circulation.

Budget items of increased cost are a proposed \$15,000 for air-conditioning of the main library building and an increase under "salaries" of some \$9,000.

Exact figures on the budget items were not available because of modifications which were made at the Board meeting.

New Employees

Dalrymple explained that "salaries" are up partly because the system will have to pay for additional employees (two full-time and from three to five part-time). Some \$4,000 was proposed for the new personnel.

"There was no blanket increase of salaries proposed," he said. Most increases are due to the "ordinary operation of the annual increment of the merit plan."

Other large increases are some

B-52 Participates In SAC Bombing Crew Competition

OMAHA (AP) — The giant B-52 eight-jet bomber will participate for the first time this year in the Strategic Air Command's annual bombing navigation and reconnaissance competition, SAC headquarters announced Tuesday.

The eighth annual competition begins Aug. 24 and will match top combat crews of the B-52, the B-36 and B-47 bombers in a six-day event.

Competing crews are selected by wing commanders on the basis of their year-round performance. In the competition they will make three radar bomb runs on different targets and a night celestial navigation leg. Reconnaissance crews also will complete a special photography run during each mission.

Targets will be Richmond, Va., Springfield, Ill., and Montreal, Canada.

Top award is the Fairchild trophy for the best over-all bombing and navigation wing. The P. T. Cullen trophy will be awarded to the high scoring reconnaissance wing.

Urged To Flee

BERLIN (AP) — The East German Communist government urged all West German youths "threatened by conscription" to flee the Bonn republic and come East.

A statement published by the East German ADN news agency said "In the German Democratic Republic, distressed West German youth will receive every assistance so that it can serve the construction of the fatherland by peaceful work."

\$2,400 to microfilm newspapers and an estimated \$2,400 for replacement of a 1946 station wagon with a van-type delivery truck.

There were also increases in lights, printing, postage, stationery and binding.

Curb Return

The Board approved a proposal for a curb-side book return at the main library, which would cost \$300. Dalrymple said that if the proposal is approved by the City Council, the library will request a loading zone permit so that customers can return books without having to find a parking place.

Also reported approved were proposals to repaint the public service areas of the main library building, repair its roof and gutter systems and build new shelving for the circulation and reference departments.

The budget, Dalrymple said, is for all "units of the city library system, which includes the main library, seven branches and three hospital units. An additional expense this year, he said, is the new branch at Millard Lefler Junior High School.

"The cost per unit increase is small," Dalrymple said, "but it must be multiplied by some 11 units."

More Use, People

Dalrymple said that the library is faced with the "problem of continuing rapid increased use" by increasing numbers of people. "Even should this rate of gain slack off to a normal rate of increase, we'll have from 3 to 5 thousand new patrons next year," he said.

With the system having to operate with its present facilities this means, Dalrymple said, that there will be a "decline in service" to everyone made necessary by the fact that the same number of books and same facilities will have to serve more people.

All members of the Library Board were present at the meeting except Mrs. Bennett Martin and Mrs. David Dow.

Miss Nebraska Studies Her Wardrobe

Clothes are important to a woman anytime, but they become paramount in interest to the young lady who will represent Nebraska in the Miss America contest Monday night, however, because she leaves that day to fly to New York City to rehearse for an appearance July 18 on Arthur Godfrey's Friends television broadcast. This event also called for a flying trip to New York last month when she auditioned for the coming broadcast.

The poised and attractive young lady also is busy gathering her wardrobe for that eventful trip to the east coast in September. The contest Diane Knotek is busily engaged in selecting the gowns she will take to Atlantic City. (Star Photo)

Open Verdict

ST. LOUIS (INS)—A coroner's jury returned an open verdict in the death of United States District Judge Ruben M. Hulen, 62, who died Saturday of a gunshot wound in the head.

The jury heard several witnesses then reported it could not determine whether the judge's death was accidental or not.

Judge Hulen was found shot in the right temple in the back yard of his home in suburban Clayton. A .32-caliber Colt pistol was near the judge's body.

Diane Keeping On The Go With Miss America Plans

By BETTY PERSON
Star Staff Writer

One of Lincoln's busiest young ladies these days is Diane Knotek, the 21-year-old miss who will represent the Cornhusker state in the Miss America contest at Atlantic City in September.

An honor student at the University of Nebraska where she was a junior last year, Miss Knotek is attending summer sessions taking education courses to receive her teaching certificate.

And Miss Nebraska is to appear this weekend in the Pinewood Bowl production of "The Student Prince."

She will have to miss the final performance Monday night, however, because she leaves that day to fly to New York City to rehearse for an appearance July 18 on Arthur Godfrey's Friends television broadcast. This event also called for a flying trip to New York last month when she auditioned for the coming broadcast.

The poised and attractive young lady also is busy gathering her wardrobe for that eventful trip to the east coast in September. The merchants of Sidney presented her with several beautiful ensembles to start her on her way.

Diane said she was awaiting word from contest officials on the exact type and number of clothes she is expected to bring. She committed that she and her mother, Mrs. Wayne Reese, will take the train to Atlantic City — "we'll need a train for all the luggage we have to take."

The trim beauty, who incidentally has no diet problems in maintaining her figure, also finds time for lots of swimming and sunbathing. And when she has the opportunity she likes to go horseback riding and boating.

Billy Convicted

LOS ANGELES (AP) — A jury convicted Billy Anderson on two counts of narcotics violations. He is the son of radio and television comedian Eddie (Rochester) Anderson.

Young Anderson was indicted on charges of sale and possession of two ounces of marijuana to a federal narcotics agent last spring. Judge Thurmond Clarke set Aug. 6 for probation hearing and sentence.

Wednesday, July 11, 1956 THE LINCOLN STAR 3

Polio Victim's Sister Confined To An Iron Lung

Mary Jane Claus, 17, is confined to an iron lung at St. Elizabeth Hospital as a polio victim. Her brother, Jon, 19, died last week of bulbar polio.

Another sister, Margie, 16, is under observation at the Hospital, but County Polio Chairman Morris Siegel said it had not been determined whether she also has polio.

Mary Jane has not had any paralysis as yet. Both girls have been placed in isolation for the next nine days.

The girls are the daughters of Mr. and Mrs. Fred Claus of 2349 West O. They also have another brother, Paul, 21, who has not been affected.

Jon Claus was the county's first polio patient this year.

'Shortcomings'

GENEVA, Switzerland (AP) — The Russian government told the outside world of "serious shortcomings" in the activities of the Young Communist (Komsomol) League.

Mrs. L. V. Dubrovina, deputy education minister of the Russian Soviet Republic, reported to the international education conference here that the league—which has 18 million members — had produced "resolutions, pomp and fuss" instead of contributing to the economic development of Siberia and the arctic steppes.

POSTCARD

Oklahoma City, where oil wells pump in the back yards of mansions, was wrestling like fury with sin.

I found this was nothing new. Oklahoma City is the most sin-wrestling city in the Nation, I guess. They have been battling since 1907, when the State passed its Constitution and prohibited liquor.

An election was coming up. All the candidates were huffing and puffing among the paid political advertisements. Offering to meet Satan at catch-as-catch-can and throw him up for grabs.

I gathered that a candidate in Oklahoma City must be a real bully boy at sin-fighting. For over the years they have had some real champions.

I drove down from Kansas on the highway that follows the old Chisholm cattle trail. It was a nice day. About 90 degrees, said the cheerful announcer on the car radio.

The cheerful announcer, up in his air conditioned studio, I checked into a refrigerated hotel with a swimming pool. The bellboy brought a bucket of ice water in the room key.

"You like a little beverage, huh?"

"What kind of beverage?"

The bellboy said almost any kind of beverage, huh, could be arranged.

"You mean gin, son?" I said sadly. "I thought this was a dry state."

"Yes, SUH!" said the bellboy happily. "Oklahoma is DRY!" Prohibition State, Oklahoma. I could bring you the fixin's for a tall, cool Tom Collins, huh."

"Is that home-made gin?"

"No, SUH! This is first-class Texas gin. Real FRESH gin. Reckon they mighta made this gin this mawnin' down Texas way for all the dried out folks up in Oklahoma."

I told the bellboy I was under strict doctor's orders not to drink any FRESH gin. He brought me a lemonade, and I went back to the paper.

The town, said the candidates, was full of bootleggers, gambling men, cold-deck artists and boosters. Throw the rascals out.

"It is estimated that bootleggers made \$7,000,000 last year." I took a taxi over to Hollis Russell's bookshop and bought a couple of books on Oklahoma.

The book said Oklahoma City had been named four times as a major vice center. Couple of years ago Look magazine put it among the top ten in the United States.

It seemed odd that such a beautiful city could be so sinful. All clean, modern buildings. All beautiful, big homes on tree-shaded streets.

The lady in the bookstore had come from Buffalo, N. Y., and she said it was a WONDERFUL city. She was crazy about it.

"Why I used to lock my house up when I was home alone in Buffalo and still worry. Here I leave everything unlocked all the time."

Evangelist Billy Graham was in town. He drew a crowd of 22,000 people.

He took a look at his audience

and apparently assessed them as a sporty bunch. For he asked them to consider the temptations of Jesus in the wilderness as a prizefight.

"Satan is in one corner in perfect condition. The demons are cheering him on," said Billy.

"You look at Christ and your heart sinks. He is weak, bleary-eyed, tired and emaciated. The tempter comes to you many times in your weakest moment."

At the end, 146 sinners came to the rail and repented.

Not a lot. But it showed the big, beautiful sin-fighting city was at least holding its own.

(McNaught Syndicate, Inc.)

ELMER MAHLIN NEW EDUCATIONAL LANDS, FUNDS BOARD SECRETARY

Elmer Mahlin, 47, Central City implement and automobile dealer, Tuesday was named secretary of the State Board of Educational Lands and Funds.

He will take up his duties July 10 as successor to Robert Hiatt, who resigned recently to take a position with a federal agency.

Before going to Central City three years ago, Mahlin was manager of farm and ranch properties for the First Trust Co. of Lincoln.

He holds a master's degree in agricultural economics and agronomy from the University of Nebraska, and has taken land appraisal training under Dr. P. Howard Doane, a pioneer in that field.

Polio Up One

A Box Butte County case raised Nebraska's 1956 polio count to 14 by the end of last week. The figure was 37 at the corresponding date last year.

He Who Gets Clipped

BOSTON (AP) — While Joseph Cherini clipped his hedge someone slipped into his home and clipped him for \$227. To add insult, the thief locked the door upon leaving, forcing Cherini to climb in.

Gabriel Heatter Hails New Way For Deaf to Hear With Both Ears

CHICAGO (Special)—A fabulous new miracle invention that, at last, enables the deaf to hear clearly again with both ears—as nature intended—was announced by Gabriel Heatter on his coast-to-coast broadcast last Tuesday. Heatter revealed that this radically different invention does away with the handicaps of trying to hear with just one ear.

I urge everyone with a hearing problem to discover how this great invention... Beltone Hearing Glasses... may help them."

Heatter said. "A powerful hearing aid is hidden inside the glasses. A tiny, almost invisible tube carries sounds to the ear. No receiver button, no cord."

To acquaint hard of hearing readers of this newspaper with facts about this new way to hear with both ears, an informative new book will be sent free on request. For your free book, write: Electronic Research Director, Dept. 2-452, Beltone Hearing Aid Co., 2900 W. 36th St., Chicago 32. A postcard will do.

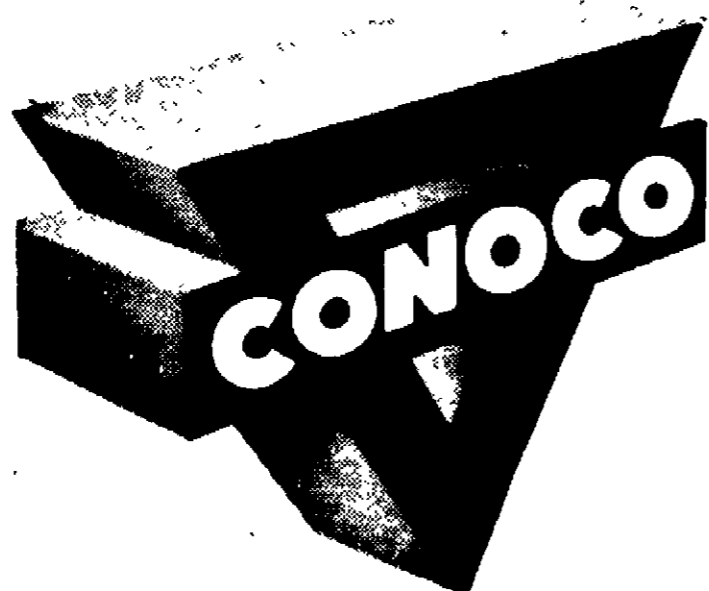

Ab Jenkins sets new 24-hour stock car record of 118.4 mph using...CONOCO all-season Super Motor Oil

BONNEVILLE SALT FLATS. Driving a 1956 Pontiac in a grueling 24-hour endurance run, Ab Jenkins smashes all existing American unlimited and Class C stock car racing records... clocks off 2,841 miles! His gas/oil team? Conoco Super Gasoline with TCP* and Conoco all-season Super Motor Oil!

Only one quart of oil added in 24-hour, 2,841-mile run certified by

You'll never, never drive your car as Ab Jenkins drove this 1956 Pontiac... at speeds up to 126.03 mph... in temperatures rising as high as 130 degrees! But, these very same conditions were made-to-order for proving the astonishing over-all superiority of Conoco all-season Super Motor Oil!

For, in all 2,841 miles of this continuous run, only one quart of oil was added! America's first Double-Duty and all-season motor oil held up under scorchingly

high engine temperatures and pressures... kept Ab's high-compression engine free of friction, corrosion, and wear. Conoco all-season Super Motor Oil and Conoco Super Gasoline with TCP helped, to deliver all the performance built into the engine!

Take a tip from this remarkable record-breaking endurance run... get both Conoco all-season Super Motor Oil and Conoco Super Gasoline with TCP today! Get "the best there is... for you and your car!"

Thayer School Land Transfer Blocked

Richards Property Involved

Lincoln Star Special

HEBRON, Neb. — The transfer of a parcel of Thayer County land from one school district to another by means of a "Freeholder's petition" has run into a legal road-block.

The school board of District 41, the Hubbell city district, has appealed to Thayer County District Court a decision by a three-man committee transferring property owned by Mrs. Grace Richards from District 41 to District 77.

The Richards land was formerly in District 70, which was consolidated with District 41 in a recent Thayer County reorganization. The tenant, Art Fangmeyer, was one of the objectors to this consolidation. He has a daughter who has been attending the District 77 school, last year as a non-resident pupil, paying \$200 tuition for the term.

Transfer Committee

The committee approving the transfer was made up of County Superintendent Harold Reed, treasurer Martin Dagefoerde and Clerk Herman Naeke. The decision was by two-thirds majority, with Naeke dissenting.

The same committee earlier tossed out a similar petition involving land in the Carleton-Brumby area, on the grounds that it did not comply with school laws governing such cases. Superintendent Reed pointed out that the Richards petition was in complete compliance with school laws.

Board Allegations

In their appeal the Hubbell School Board alleges that (1) such action should not be just and proper and for the best interest of the petitioners, (2) such action would reduce the assessed value of property in School District 41, (3) School District 41 furnished transportation for children a shorter distance than the school house situated in District 77 and (4) there are only five children of school age residing in said District 77, and it is probable it cannot maintain a school much longer.

Ames Selected For Animal Research Lab

WASHINGTON (AP)—Secretary of Agriculture Benson Tuesday picked Iowa State College at Ames, a school he once attended, as the site for the government's new 18-million dollar animal disease research laboratory.

In a statement issued by the department, Benson said this location had been recommended by the Livestock Industry Advisory Committee which surveyed a number of proposed sites. Congress now has under consideration a request for funds to set up the new center which is planned to provide for research on 25 animal diseases.

A delegation from Lincoln, including Dean W. V. Lambert of the University of Nebraska College of Agriculture, had made an unsuccessful bid to have the lab located in Lincoln.

Klein Sentenced To Reformatory On Sex Offenses

HASTINGS, Neb. (AP) — Edwin Klein, 25, of Hastings was sentenced to a two-year term in the state reformatory Tuesday after pleading guilty in District Court to charges of sex offenses against a 14-year-old girl.

He had been bound over at a County Court hearing held earlier Tuesday.

County Attorney Melvin Kammerlöhner prepared the charges which specified that Klein spent 15 hours at his home with Jacquelyn Jackson of Fairfield on Saturday, June 30.

District Judge Edmund Nuss received Klein's plea and pronounced sentence. The county attorney also filed juvenile delinquency charges against the Jackson girl, alleging that she wandered and loitered about the streets of Hastings and rode in the automobiles of strange men in violation of a city ordinance.

183 Oil Wells Recorded For Western Area

DENVER (AP) — The industrial publication, Petroleum Information, predicted Tuesday drilling of oil and gas wells in the Rocky Mountain west will score a "substantial" gain over 1955, a record year for total wells completed.

P1 based its forecast on completions through June. These totaled 2,284 wells, 392 more than in the corresponding period of 1955. Exploratory success ratio for the region so far this year is 10.2 per cent, P1 reported.

Colorado led in cumulative completions through June 30 with 606, including 144 oil wells, 55 gas producers and 407 dry holes. Western Nebraska totals were 523, 183, 0, 340.

Services Held For George W. Holer,

Lincoln Star Special

FRIEND, Neb. — Funeral services were held at Cordova for George W. Holer, 61, who farmed two miles east of Friend.

Born in York County, he lived on a farm near Cordova before moving to the Friend vicinity. He was a member of St. John's Lutheran Church at Cordova and had served as chairman of the Lutheran Laymen's League of that church. He held the office of elder in the congregation at the time of his death.

Surviving are his wife, Hannah; three daughters, Mrs. Loren Peterson of Beaver Crossing, Mrs. Vern Herbert of Steamboat Springs, Colo., and Mrs. Virgil Obermeier of Thayer; four grandchildren; two brothers, Harry of Cordova and Ed of Beaver Crossing; and five sisters, Mrs. Maggie Thompson and Mrs. Carrie Zastrow, both of Cordova, Mrs. Velma Paulsen and Mrs. Nora Schernikau, both of Beaver Crossing, and Mrs. Ella Staehr of York.

Corn Outlook Especially Bright For Nebraska, Experts Reveal

By the Associated Press
Nebraska's 1956 corn crop was forecast at 198,624,000 bushels Tuesday, compared with the 1955 crop of 95,200,000 bushels.

The U.S. Department of Agriculture in its first estimate of the new corn crop estimated the Nebraska corn crop would amount to 32 bushels per acre from 6,207,000 acres.

"It sure looks good now!" That was the comment of Agricultural Statistician Kenneth Logan on the corn estimate.

The picture hasn't changed materially since July 1, Logan said. Corn continues in good condition, ahead of last year in plant development, and with a good color.

"The only shadow on production—one that most farmers recognize—is that we do not have too much subsoil moisture to hold the crop," Logan noted. "If we had two weeks of hot, dry weather with some wind, this crop could fade pretty fast."

"Let's hope for timely rains to keep it coming along. These boys need a good corn crop this year and need it badly."

In contrast to the still bright corn outlook, wheat yield estimates by the USDA were cut back as another half million bushels from the estimate a month earlier—in 64,920,000 bushels or 20 bushels per acre from 3,246,000 acres.

The estimates reflect abandonment of nearly a quarter million

acres of wheat since fall planting. Dry weather probably caused most of this abandonment, Logan said, but hail damage in June took out additional acres. Some wheat was destroyed to meet acreage allotments and some even was cut for hay, he noted. The acreage of wheat seeded last fall was estimated at 3,492,000 acres.

Nation's Wheat Estimate Down

WASHINGTON —The Agriculture Department Tuesday forecast this year's wheat crop at 922,262,000 bushels and the corn crop at 3,266,688,000 bushels.

The wheat estimate is 410,000 bushels less than the 922,672,000 bushels forecast a month ago. It compares also with last year's revised estimate of 936,761,000 bushels and with the 10-year (1945-54) average of 1,148,289,000 bushels.

The corn estimate is the first of the year and compares with last year's revised estimate of 3,241,535,000 bushels and with the 10-year average of 3,084,000,000 bushels.

The winter wheat crop was forecast at 717,089,000 bushels compared with 670,385,000 indicated a month ago, with last year's revised estimate of 703,047,000 bushels and with the 10-year average of 873,690,000.

English Girl Arrives In State

Josephine Pollard, right, from Cornwall, England, will visit farms in Blaine and Adams Counties for the next six weeks as part of the International Farm Youth Exchange program. Talking with her upon arrival

in Lincoln Tuesday are Dorothy MacLean, left, Lincoln, who was a farm exchange student to Scotland in 1954, and John Orr, assistant state 4-H leader of the University of Nebraska College of Agriculture staff (Star Photo)

If you are miserable and worn out because of these discomforts, Don's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 12 miles of kidney tubes. So if nagging backache makes you feel drizzled-out, miserable, with restless, sleepless nights, don't wait! Try Don's Pills, get the same happy relief millions have enjoyed for over 40 years. Ask for new, large, economy size and save money. Get Don's Pills today!

Advanced Corn Fields Making Excellent Progress Over State

Nebraska's corn crop, on which rests much of the state's agricultural hopes this year, made "excellent progress" last week and is "much farther advanced than usual for this date," government crop observers reported Tuesday.

Most of the corn has a good dark green color and some of the earliest has started to tassle, according to the weekly crop review of the State - Federal Division of Agricultural Statistics.

Stands are not up to normal because of lighter planting occasioned by limited subsoil moisture, but the subsoil moisture situation has improved of late from fairly substantial rains in central and southern Nebraska.

The earlier-than-usual wheat harvest, although delayed by rains last week, was 41 per cent completed by the weekend, the crop report said. Fields ranged from low to "very high." Some cutting was under way in the Panhandle.

Farmers are eager to get the cutting done to forestall hail damage, the agency said.

Ten counties reported hail storms last week, some of them severe.

Other crop report observations: Yields on oats and barley generally are very low. Reports indicate much of the crop will be used for pasture, hay or silage, or plowed up in order to qualify for soil bank benefits.

The sorghum crop made further improvement. Rains put some subsoil moisture in part of the sorghum area.

Pastures show a slight improvement, and some counties now re-

MIRACLE FABRIC SHOW

CONTINENTAL RESTAURANT 1511 O

Thur., July 12, 2:00 P.M.

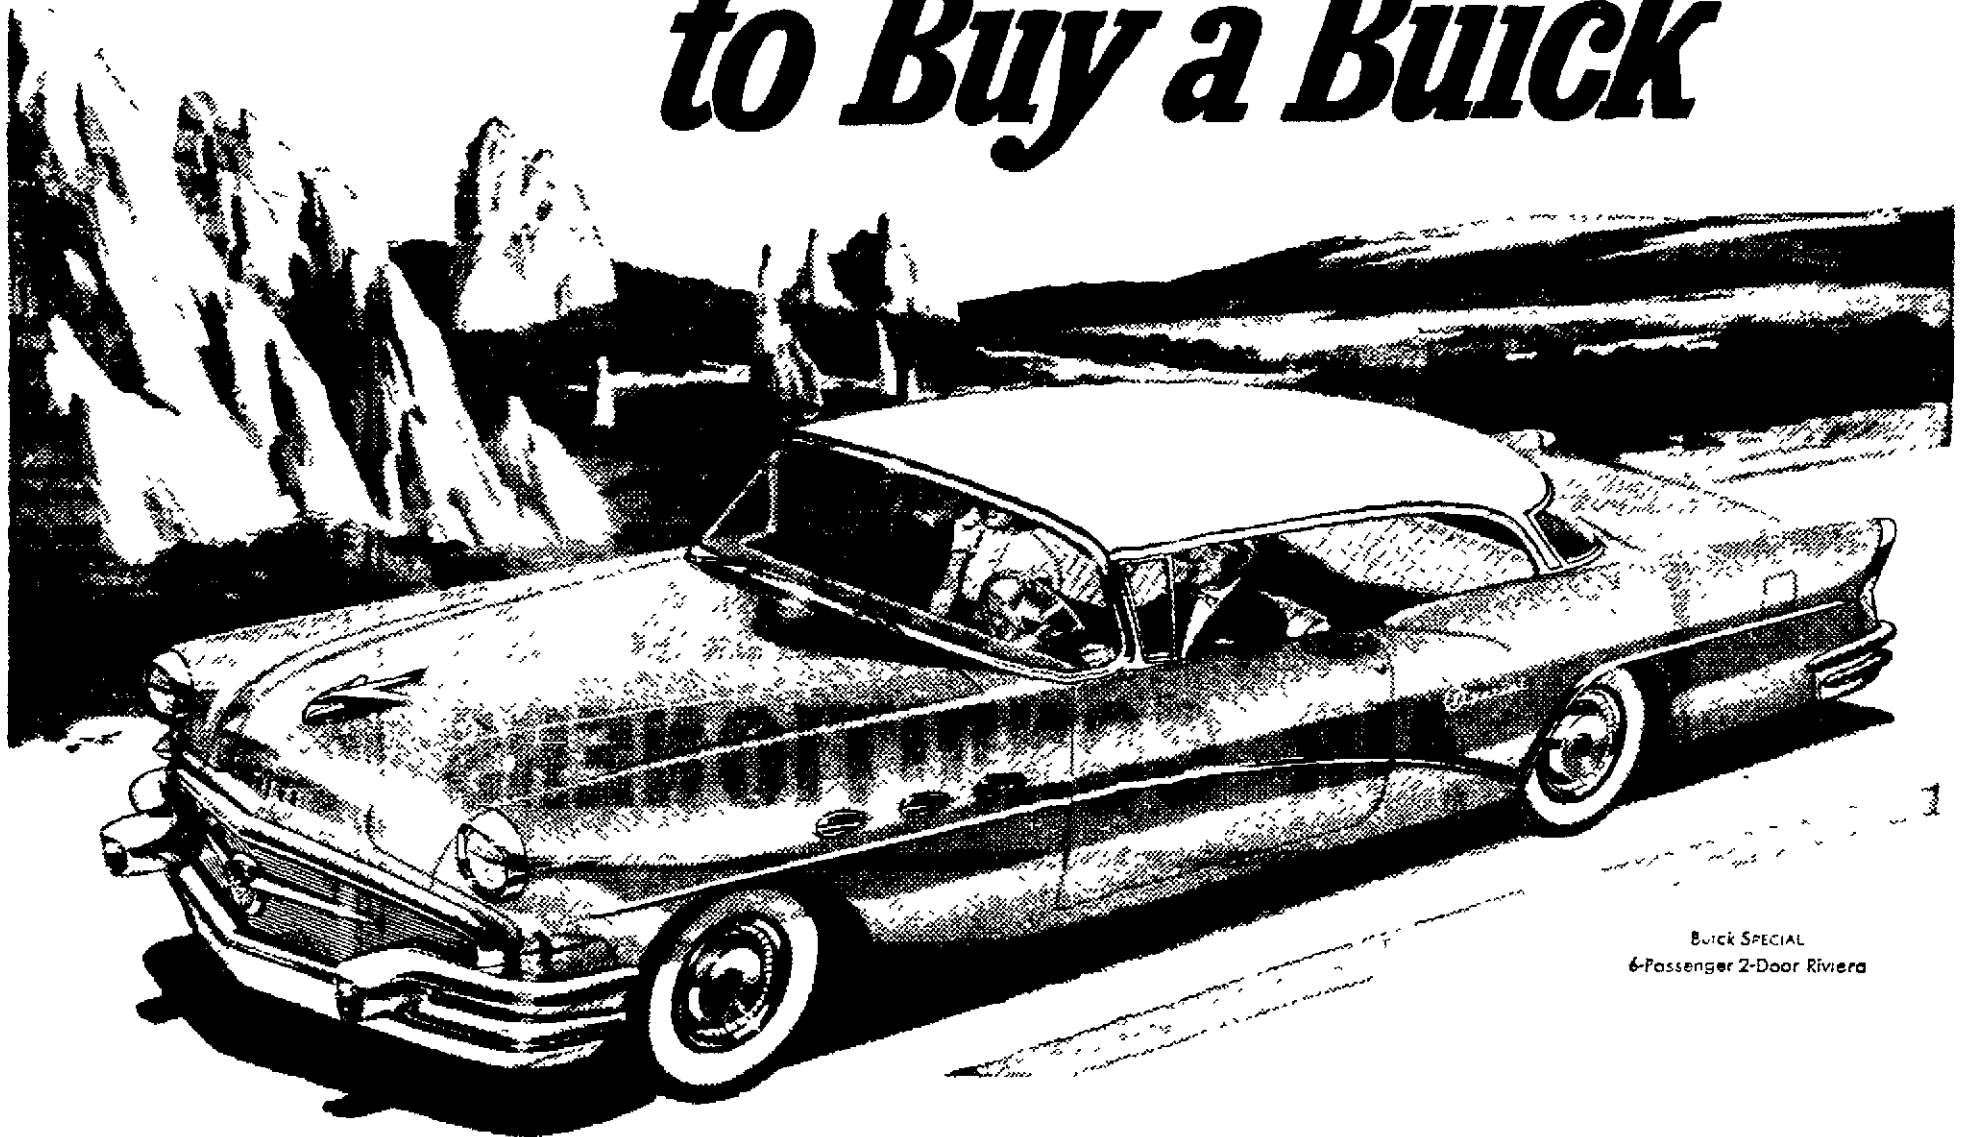

FREE — FREE — FREE — FREE

This is our introductory showing of the very latest in laundry equipment . . . the brand new EASY washer and dryer combination. If you have any questions as to whether this combination really works . . . and really gets clothes CLEAN . . . now is the time for you to find out!

■ We will wash and dry, before your eyes, some of the dirtiest and grimmest clothes you may ever encounter. Any and all questions will be answered . . . truthfully! It will be well worth your time to see this amazing EASY washer-dryer in actual operation . . . you've never seen anything like it. Refreshments will be served. ■ May we see you?

Sponsored by EASY-KOLLARS APPLIANCE CO.

It's a Great Time to Buy a Buick

BUICK SPECIAL 6-Door Riviera

(And at the Best Buy Yet!)

WHAT'S IN IT for you—if you step out and buy yourself a 1956 Buick right now?

Well, first of all — the time is right.

Right now, your present car is at its peak worth.

And, with the whole summer and almost half of '56 still ahead of you, you'll get more enjoyment out of a spirited new Buick this year — if you buy now.

Second, there's the matter of how much more automobile your money buys in the best Buick yet.

We tell you flatly that nowhere but in a '56 Buick can you get so much bounty for so little booty.

For example, take the beautiful big '56 Buick SPECIAL pictured here.

It's one big reason why Buick now ranks in the top three of America's best-selling cars. Yet, you'll find it priced right close to the well-known smaller cars.

That sure makes Buick a whale of a lot of car for the money. And look:

Nowhere but in a 1956 Buick can you get the absolute smoothness and the

electrifying performance of Buick's terrific new Variable Pitch Dynaflo.*

Nowhere else can you get the obedient responsiveness of Buick's big and mighty new 322-cubic-inch V8 engine. Or Buick's matchless new handling ease and ever-level ride buoyancy—or Buick's bold new sweep-ahead styling, and solidity of structure, and stretch-out roominess.

Add it all up and the answer comes out the same, any way you figure it: Now's the time to buy your 1956 Buick.

Will you come in — before another sun sets—and get set with your best buy yet?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Writer Says Small Band Of Men Rules On Actors' Blacklist

WASHINGTON (INS) — Writer John Cogley testified Tuesday that a small band of men in Hollywood and New York have the power to "blacklist" and to "clear" performers accused of Communist connections.

Cogley, who directed a Fund for the Republic survey of blacklisting in the radio, television and motion picture industries, told the House Un-American activities committee that these persons maintain "the power to wound and the power to heal."

Among them, he testified, are Communist George Sokolsky; James O'Neil, director of publications for the American Legion; Jack Wren, "security officer" of the New York advertising firm of Batten, Barton, Durstine and Osborn; Hollywood labor leader Roy Brewer, a former Nebraska, Syracuse supermarket operator Laurence Johnson, and Vincent Hartnett, consultant to the radio-TV industry in New York.

In addition, Cogley stated that Arnold Forster, of New York, general counsel for the Anti-Defamation League of B'nai B'rith, has played a leading role in winning "clearance" for various performers by enlisting the aid of these individuals.

Cogley also said that actor Ward Bond is an important cog in the clearance machinery for persons accused of Red leanings.

He told the committee that most of these persons hold the power to have performers and writers fired from jobs because of Red links, and can, in turn, have them re-instated when convinced they are innocent or have broken their ties with the Communists.

Cogley cited a letter from Attorney Martin Gang to Columbia Broadcasting System executive

Daniel O'Shea stating that an actor, William Robeson, who had been accused of Red affiliations, had been given a clean bill of health by Johnson, Hartnett, Sokolsky, Brewer and Bond.

Cogley said it took Actor Luther Adler four years to prove he had falsely been listed as a member of the Abraham Lincoln Brigade, which fought in the Spanish Civil War. In the interim, Cogley explained, Adler was unable to obtain employment.

Persons blacklisted, Cogley said, usually are those who have been

identified as communists before Congressional committees and have refused to deny the accusations.

Cogley's two-volume study on blacklisting was financed by the tax-exempt Fund for the Republic.

In opening the hearing, Chairman Francis E. Walter (D-Pa) said the committee wants to determine whether the Fund, which is sponsored by the Ford Foundation, "stands as friend or foe in America's struggle against Communism."

Throughout the first hour of the public session, Cogley and Committee Counsel Richard Arens sparred verbally over a definition of "blacklisting."

Cogley said repeatedly he considers the work to apply to any situation in which a person is barred for personal reasons from employment in a single firm or industry. "This would include those fired because of their links to Communism," he said.

Arens repeatedly accused Cogley, former executive editor of the Catholic lay publication "Common-

weal," of failing to state fully the Communist affiliations of artists listed in the report as having been blacklisted from the radio, TV and motion picture industries.

Cogley finally declared: "I wrote a book. There are many ways I could have written it. This is the way I wrote it. I would resent heartily any implication that I was defending anyone or Communism in general."

Cogley was asked whether he believes an employer is justified in firing an employee who has been identified before congressional committees as a Communist and who has failed to clear himself.

The writer replied: "I think that depends on the job the person is doing. At least in California, an employer has a perfect legal right to do this."

Cogley stated again that "I have not expressed any position in my report." When pressed by Arens to make known his personal views on the blacklisting of Reds, Cogley declined, saying it was "a private matter."

Construction Set For Local Norris Power Office

Construction is planned immediately on a new \$54,500 Lincoln branch office of the Norris Rural Power District, to be located at 935 M Street.

Lester Trussell, manager of the company's main office at Beatrice, said that the building would service approximately 2,000 rural customers in Lancaster County.

The 40 by 90 foot building will be constructed of brick and masonry, and electrically heated and cooled with a heat pump system.

Construction is expected to be finished by mid-November, according to Trussell. The company is presently using office space at 112 So. 15th.

Designers of the modern style building were Hazen and Robinson of Lincoln. The O. C. Hirsch Construction Co. of Lincoln is the contractor.

Blast Reported

TOKYO (Wednesday) —The Central Meteorological Observatory in Tokyo said its instruments indicate the United States has exploded another nuclear device at its Bikini proving grounds.

Observatory officials said atmospheric vibrations indicating a hydrogen bomb explosion were recorded through Japan.

Missouri Basin Inflow 80 Pct. Normal Upstream

OMAHA (AP) —The Missouri River Reservoir Control Center Tuesday reported that it now appears there will be at least 80 per cent of normal inflow from the Missouri Basin region above Sioux City, Iowa, during the current year.

The control center said the long-range outlook was made with the peak of the "June rise" accounted for.

While the expected inflow is below normal, "it assures a considerable better water supply than that of last year when the runoff was only two-thirds of normal."

"This more favorable turn in water supply from the upper basin has been accompanied by a return to seasonally normal precipitation over the basin below Sioux City, which will allow some reduction in earlier estimates of system releases requirements," the report said.

3 Killed

CHICAGO (INS) — Three men who were working on a scaffold in south Chicago were fatally injured when they fell 100 feet to the ground.

The workmen were pronounced dead upon arrival at the Roseland Community Hospital.

State Ag Groups Operating Tracks Eligible Sell Beer

An agricultural association operating a race track is eligible to hold a beer license, the state Attorney General's office ruled Tuesday.

Sale would be limited to the period the race meeting is in progress, however, and would not be permitted while a fair is being held on the premises, the opinion said.

Dakota Co. Atty. Malcolm R. Smith requested the ruling, which was prepared by Asst. Atty. Gen. John Binning, counsel for the Liquor Commission.

SUBURBIA

We always have seen so afraid that the time will come when our friends in Country Club Terrace will need a week's rest after the constant rush of activities in their neighborhood. But, as usual, we find this morning's news is filled to the brim with summer vacationers, house guests, homecomers, parties, and newcomers. So, let's begin without further ado.

First of all, we learned that Lt. and Mrs. L. J. Shipman and their young son, Stevie, returned on Monday evening, July 9 after spending the past two weeks as the guests of Lt. Shipman's mother, Mrs. Henry Shipman in Springfield, Ill.

Much to the surprise of Lt. Shipman, his brother and sister-in-law, and their two children, Mr. and Mrs. Harry Shipman and Jimmy and Jean of Raleigh, N.C., arrived in Springfield to spend their vacation with them.

Speaking of homecomers, we know that Lt. and Mrs. Richard Westermann's two children, Steven and Susan, returned to Lincoln on Saturday, July 7 after spending three weeks in Kansas City, Mo., as the guests of their grandparents, Mr. and Mrs. J. Harry Miller, and the Rev. and Mrs. W. L. Westermann. Steven and Susan were accompanied back to Lincoln by their grandparents, Mr. and Mrs. Miller who spent several days visiting with their son-in-law and daughter.

On our ever growing list of summertime vacationists, are Mr. and Mrs. Robert Bias and their two children, Bobbie and Ann, who left last Thursday to spend three weeks vacationing in Huntington, Ky.

On their way home the Bias family plans to tour the Lilly Laboratories in Indianapolis.

But, let's pick up our list of

homecomers again, for Mr. and Mrs. Eugene Brooks and their three children, Jodie, Gene, and Dennis returned on Sunday evening, July 1, after spending a week vacationing at North Platte.

Mention of the Eugene Brooks' reminds us that they have as their house guest, Mr. Brooks' sister, Miss Gayle Brooks of North Platte who returned to Lincoln with her mother and her family for a stay of about ten days.

It is always lonely on a holiday when you are far away from your own home town, but Lt. and Mrs. Douglas Tiffany cured the homesick blues by entertaining Lt. Tiffany's crew at a back yard barbecue on the Fourth of July. The guests included, Lt. and Mrs. Roger McKinsey, Sgt. and Mrs. Clifford Deane, Sgt. and Mrs. Richard Pennington and Airman and Mrs. Henry Peckham.

Speaking of recent parties reminds us that the members of the 35th Squadron Officers Wives were entertained by Mrs. Charles McGates and Mrs. Thomas Boles at a bridge party at the home of Mrs. McGates on Thursday afternoon.

But, before we leave the party scene, we must tell you that on Saturday evening Mr. and Mrs. Thomas Hatten entertained at a family back yard supper for several of their friends. The guests included Mr. and Mrs. Bert Schimer and their four children, Susan, Becky, Donna and Lorie Lynn. Later in the evening they were joined by Mr. and Mrs. James Lawson and their son, Bobbie.

Before we leave for another week, we would like to welcome Mr. and Mrs. Harold T. Beers and their young daughter, Leanne, who now are busy getting settled at their home, 2534 Kessler Blvd.

Madam Chairman

AFTERNOON

LAFB Officers Wives Club, monthly luncheon, 12:30 o'clock at the Hotel Cornhusker.

Lincoln Woman's Club, noon luncheon, ways and means committee, at the club house.

EVENING

Live Yers Club, 6 o'clock at the YWCA for transportation to picnic at Peter Pan Park.

Tops Club, 7:30 o'clock meeting at the YWCA.

Candlelight Service

MR. AND MRS. ROBERT THOMPSON

At an 8 o'clock evening ceremony which took place on Saturday, June 16, Miss Leila Shelton of Lincoln, daughter of Mr. and Mrs. J. B. Shelton of Des Moines, Ia., became the bride of Robert Thompson, son of Mr. and Mrs. C. R. Thompson of Des Moines. The Rev. Albert Albert read the lines of the service at the Union Park Baptist Church in Des Moines, and the wedding music was played by Eugene Clark of Lincoln, organist. Mr. Clark also accompanied the vocalists, Mrs. Robert Mills of Lincoln, and James Richards of Des Moines.

Mrs. Eugene Clark of Lincoln was the matron of honor, and the bridesmaids were Miss Betty Kindkau of Lincoln and Miss Marvel Shelton of Lavenworth, Kan.

Giltner Club

New president of the Giltner Music Study Club, which has completed its 30th year, will be Mrs. Herman Stuehler. Other club officers for the coming year are Mrs. J. A. Lombardo, vice president; Mrs. George Dodson, secretary; and Mrs. William Groetz, treasurer.

The News Around Town

WE NETTED more than a little profit from our trek around town this morning. We found a variety of news that we considered interesting, such as parties for popular brides-elect—a new address—guests, of course—and travelers.

Think we'll open our brides' book first and turn to the page devoted to courtesies for Miss Ann Jovanat whose marriage to Thomas Calvin Webster will take place on Aug. 1.

On the Friday calendar for Miss Jovanat is a 1 o'clock luncheon at the Lincoln Country Club for which Mrs. Frank Prouditt and Mrs. Harry Flansburg will be hostesses. The after-luncheon hours will be spent informally and the soon-to-be-bride will be presented with a kitchen shower.

LOOKING over our shoulder—as far as the past week-end, we

find that Miss Jovanat was complimented last Saturday when Mrs. A. H. Kurtz and Mrs. Earle B. Wilson were hostesses at luncheon in courtesy to Miss Jovanat.

ANOTHER of our August brides, Miss Nancy Chantry who is to marry Frank W. Court, son of Dr. and Mrs. Frank A. Court on Saturday, Aug. 11, tells us that the ceremony will be solemnized at 2 o'clock in the after-

noon at the Congregational Church in West Point.

And this morning Miss Chantry makes announcement of the bridal entourage. For her maid of honor the bride-elect has chosen Miss Sylvia Hall of Red Cloud, and the bridesmaid will be Miss Jo Anne Bender of Weeping Water. Miss Patty Ann Carl of Omaha will be the junior bridesmaid.

Doane Pickering, Jr., will serve Mr. Court as best man, and seating the guests will be his brother-in-law, Dale Anderson of East Lansing, Mich., and James A. Chantry of Mattoon, Ill., brother of the bride.

JUST learned that Mrs. Ted Barger (Mary Janet Reed) has arrived from San Diego to spend several weeks as the guest of her parents, Dr. and Mrs. E. B. Reed. Mrs. Barger plans to arrive in Lincoln about Aug. 1, and after a 10 days or two weeks visit with Dr. and Mrs. Reed and his parents, Mr. and Mrs. Ted Barger, he will accompany Mrs. Barger back to San Diego.

NOW for the new address since it involves the Reeds—Dr. and Mrs. E. B. Reed are all settled in their new home at 900 Piedmont Rd., the former residence of Mrs. Ben Gillespie.

SOMEONE told us that Mrs. Bert Reed, Mrs. Arnett Folsom and Mrs. M. G. Volz will leave tomorrow for Longville, Minn., where they will be the guests of Mr. and Mrs. George B. Cook, and where they will be joined this week-end by Mr. Reed, Mr. Folsom and Mr. Volz.

ON the travel list for next Sunday are Mr. and Mrs. E. J. Faulkner who will board plane for the east coast where they will spend a three weeks holiday at Buzzards Bay, Cape Cod, Mass.

Mrs. JayCees Ready To Tee Off

A familiar group on the Pioneers Park golf course every Tuesday morning, fair weather or foul, are the feminine golfers of the Mrs. JayCees Club who pursue their favorite sport from early spring until late in the autumn.

The group is just one of the many interest groups which the Mrs. JayCees have organized for their membership. Other groups are the four bridge groups, the sewing and crafts group, and new this year, the

reading and drama group. Pictured from the left are Mrs. Paul Brunstman, Mrs. Robert Wise, Mrs. Wilber Voss, a member of the club's board, Mrs. Glen Stover, golf chairman, and Mrs. Milo Bartu, treasurer of the club.

BRIDES

Announcing plans this morning for a late summer wedding is Miss Ellen Svoboda of Lincoln, daughter of Dr. and Mrs. F. J. Svoboda of Cozad, who will become the bride of James S. Tye of Kearney, on Sunday, Aug. 19. The wedding will take place at 7:45 o'clock in the evening at the Cozad Methodist Church.

Miss Svoboda has chosen her sister, Mrs. J. G. Lowe, III, of Kearney as her matron of honor, and her bridesmaids will be Mrs. Phillip W. Curley of Seward and Mrs. G. L. Ingram. The bridesmaids will be Miss Jackie Burton of Shenandoah, Ia., Miss Mary DeBerry, Alliance, and Miss Margot Hunt, and lighting the candles for the service will be Miss Tary Nuss of Central City, and Miss Julie Beal, Omaha.

The bride-elect's nieces, Miss Cynthia Talcott and Miss Susan Talcott of Boulder, Colo., will be the flower girls, and the ring-bearers will be Miss Svoboda's nephews, Daniel Talcott and David Talcott of Boulder.

Thomas W. Tye of Kearney will serve his brother as best man, and seating the guests will be J. C. Tye, Jr., of Denver, also a brother of the bridegroom. William McKean, Claude Turner and J. G. Lowe, III, all of Kearney, and Gerald L. Ingram, Lincoln.

Miss Svoboda, who has been completing studies this summer for her degree in the University of Nebraska College of Dentistry, is a member of Pi Beta Phi.

Also naming the members of her bridal party this morning is Miss Janet Rave Baehr, whose marriage to Robert Pease will be solemnized on Sunday, Aug. 26, at the American Lutheran Church in Filley.

Miss Baehr will have as her maid of honor her twin sister, Miss Janice Baehr, and her bridesmaids will be Miss Lavonna Hinz, Miss Jacqueline Henzel and Miss Rosalie Baehr, also a sister of the bride-to-be. Miss Karen Rathe and Miss Sandra Lienemann will light the candles for the service.

Serving his brother as best man will be Gary Pease, and seating the guests will be Robert Baehr's, Miss Baehr's brother, Jerry Sands and Max Davison.

Chapter Entertains At Picnic

Lambda Chapter members of Beta Sigma Phi entertained a group of guests Monday evening at Antelope Park. Giving advice on the best way to broil frankfurters are (left to right) Jean Baker, Thelma Ormesher, Esther

Baker, Lee Free, Clara Zoz, Mrs. Roger Sharp and Mrs. Robert Stoner.

Miss Ormesher is the new president of the chapter, and other chapter officers pictured are Miss Free, vice president; Miss Zoz, corresponding secre-

tary; and Mrs. Stoner, treasurer. Hostesses in charge of arrangements for the picnic were Mrs. Don Dickinson, Miss Ruth Goodman and Miss Audrey Sparling.

Attend Convention

Expected home this week are active and alumnae members of Beta Tau Chapter of Delta Zeta sorority at Nebraska Wesleyan University who attended the sorority's national convention, July 1 to 5, at Miami Beach, Fla.

Representing the active chapter were Miss Alice Gentry and Miss Normamae Brashear of Gering who were accompanied to Florida by Miss Gentry's mother, Mrs. Bill Gentry, also a member of Delta Zeta, her father and brother, Donald Gentry. The group drove to Miami by way of Washington, D. C. and eastern states and plans to stop at New Orleans, La., and in Texas en route home.

Another Delta Zeta daughter and mother attending the con-

Pi Beta Phi Plans Meeting

Active and alumnae members of Pi Beta Phi will hold a combined meeting Wednesday evening at the home of Mrs. William Wiese, 2315 Bradford Dr. The meeting will begin at 8 o'clock.

Bringing Up Baby

HINTS COLLECTED BY Mrs. Ben Barker (MOTHER OF 3)

A doctor I know says this is the best advice he can give a new mother: "Never force or fight your baby when it comes to feeding sessions. Little ones are surprisingly smart when it comes to knowing their hunger needs, and will eat for the best reason in the world—because they're just plain hungry."

Almost before you can believe it, your new baby's appetite may develop to the point where he will feed when your doctor gives the go-ahead on cereal, you'll find Gerber Cereal Quads most helpful. This handy, 4-in-1 package contains small-size boxes of Rice, Barley, Oatmeal and Cereal Food (a mixed cereal) for easy introduction of variety. They're thoroughly pre-cooked for easy digestibility. Just add milk or formula to get the wonderfully smooth texture that feels especially nice on baby's tongue. All four are enriched with iron, calcium and important B-vitamins.

P.S. Gerber Quads make good traveling companions if you take baby on a trip.

Travel tips. Vacationing with baby? Do take these precautions:

1. Check state health department to make sure water at your destination is pure.
2. Take a thermos of cool (boiled) water from home, so baby can start with water he's been used to.

A baby specially prepared by specialists—Gerber Strained Orange Juice. Made from tree-ripened oranges selected for high vitamin-C content and the mild flavor little tykes like. Of course, it's carefully pasteurized and finely strained for easy introduction of variety. They're thoroughly pre-cooked for easy digestibility. Just add milk or formula to get the wonderfully smooth texture that feels especially nice on baby's tongue. All four are enriched with

Afternoon Ceremony

MRS. JOHN CRAWFORD HAWKINS JR.

Clusters of blue candles in graduated height, and arrangements of white gladioli and palms, appointed the chancel of the Presbyterian Church at Fairbury Sunday afternoon, July 8, for the marriage of Miss Kathleen Ann Kelley, daughter of Mr. and Mrs. Amos Samuel Kelley of Fairbury, to John Crawford Hawkins Jr., son of Mr. and Mrs. John Crawford Hawkins of Gering. In the presence of 200 guests, the Rev. Robert W. Jones read the lines of the ceremony, and the wedding music was played by Mrs. Chatelain also accompanied the vocal soloist, Jack Kuchera, preceding the 4 o'clock service.

Mrs. Jean Cloutre of Lincoln, as the matron of honor, Miss Carolyn Kelley of Fairbury, who was her sister's maid of honor, and the bridesmaids, Miss Joan Larson, Kimball, Miss Carolyn

Plan Friday Luncheon
Members of the Alpha Chapter of Kappa Kappa Iota, national teaching honorary, will hold a meeting Friday afternoon at the Lincoln YWCA to hear reports on the organization's national convention held recently at Stillwater, Okla.

The reports will be given by Mrs. Esther Yung and Mrs. Clara Dunbar, chapter delegates. A noon luncheon will precede the meeting.

Navy Wives Hold Luncheon
Members of the Lincoln Navy Wives Club met last Friday afternoon for luncheon at the Inter-Com Club. Hostesses for the luncheon and informal afternoon which followed were Mrs. Walter Herberg and Mrs. Lyle Emery.

A reception was held in the parlors of the church. Following a wedding trip to Jackson Hole, Wyo., the couple will reside in Fairbury.

A former student at the University of Nebraska, the bride is a member of Chi Omega sorority and Nebraska Masquers dramatic honorary. Mr. Hawkins attended Scottsbluff College and the University of Nebraska and is a member of Sigma Chi fraternity.

BRINGING UP FATHER

By George McManus

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the five rectangles and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS

By Arthur 'Bugs' Boer

Campaign is getting to the spot where the spots are showing. A fellow who keeps talking is liable to run out of platform like a long truck on a short wharf.

Anybody can be a candidate provided he's born in a back-room.

But every candidate doesn't inherit the nomination. That's born in a back-room too.

Bugs Boer

What takes up the most time in conventions is polling the delegations. We were never sure whether the chairman was trying to lo-

Theft From Police

SAN DIEGO, Calif. (AP) — A television station reported to police that a .38 caliber revolver had been stolen from its studio. Turned out the revolver had been borrowed from the police department, for use as a prop. "Who's going to pay for it?" was the comment of Chief A. E. Jansen.

Deer A Day

SANTA FE, N. M. (AP) — State Game Conservation Officer Rom Rogers says during a recent 30-day period motorists killed almost a deer a day in northeast New Mexico. He said cars killed 27 deer and two antelope.

DAILY CRYPTOQUOTE

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Search for the hidden message. A Cryptogram Questionnaire. W YAHU ZE YEA VWSK SKAA HS KHZO SE PNAMM; WNNM KHCA ZE VAWFKS; HZO SAHUM ZE PWSSAUZAM-NRSDA. Yesterday's Cryptogram: FOR ONLY BY UNLEARNING WISDOM COMES LOWELL.

Probers Told Of 100,000 Drawers Of U.S. War Data Still Tagged Secret

By LEWIS GULICK
WASHINGTON (AP) — House investigators heard Tuesday that 100,000 drawers of World War II military documents are stored away under a secrecy tag because there isn't money or manpower to see what should be made public.

Still secret, but for another reason, are Gen. Douglas MacArthur's papers on Pacific war strategy, including whether the Russians should have been brought into the war against Japan.

Asst. Secretary of Defense Robert Ross told a House Government Operations subcommittee that the MacArthur papers were technically nonsecret from November, 1953, until April, 1955, when a newsman asked for them.

He said the Army then reviewed the 10-year-old papers to see whether they should be withheld, and decided they should be because "they would divulge war methods and war plans and war operations." He said "pertinent

excerpts" were made public last October.

The subcommittee headed by Rep. Moss (D-Calif.) also was told that:

1. The Navy last year barred publication of an article by a Navy captain on the World War II sinking of a Navy cruiser on grounds that publication would dampen the desire of young men to enlist. The Defense Department later cleared the story for the Saturday Evening Post—but after clearance by the Defense and Navy departments the captain still got a letter of censure from the Navy chief of personnel.
2. Moss said that under present regulations "The Navy is in a position to censor history."
3. The article, by Capt. G. W. Campbell, a Navy information officer, was about the sinking of the cruiser Indianapolis in 1945 by a Japanese submarine. The sinking cost 880 lives. Campbell's material was admittedly available from published sources.
4. The Library of Congress sampled 200 secret documents from the three services to see if any of the documents carried a statement showing when they might be made public, as provided for in a November, 1953, order by President Eisenhower. Not one contained such a statement.

More Study Urged For Holt County School Districting

The State School Redistricting Committee Tuesday recommended further study of a proposed consolidation of districts in the Page area in Holt County.

The proposed district would consist of the Page district and seven others having a total assessed valuation of \$1,212,000.

The state committee suggested a still larger district in order to have more assessed valuation, if it would retain sensible travel distances.

At the same time, acting secretary Lester Hunt explained, the committee recognized the plan submitted as "a move in the right direction."

The committee Tuesday also considered requests for studies in the Rushell area in western Kimball County and a rural Custer County area north of Broken Bow.

The committee will meet in Custer County next month, when the request for a study of the area there will be discussed with the county committee.

The Kimball County area had been studied previously and the new request was referred to the county committee for reconsideration.

Trade Office OK

CAIRO, Egypt (AP) — The Egyptian Cabinet approved steps for the opening of a Russian trade office in Cairo.

The Russian ambassador to Egypt, E. D. Kisselev, told reporters after a meeting with an aid of President Nasser, that Nasser will visit Russia sometime in August.

Salt-Wahoo Portion OK'd By Ag Dept.

WASHINGTON (AP) — The Agriculture Department Tuesday instructed its field offices to begin work on the Oak - Middle Creek portion of the Salt Wahoo Watershed Program in Nebraska.

Such watershed programs are authorized automatically unless the House or Senate Agriculture Committees vote against them within 45 days after the projects are presented to Congress.

Since the committees have not opposed the Oak - Middle Creek project, it became authorized Tuesday.

It covers 98 square miles and 62,800 acres, in Butler, Lancaster, Saunders and Seward counties. It affords flood control protection for Lincoln, Neb., and for the land acres involved.

The work plan covers 3 years at a total cost of \$1,234,731. Of this the federal share will be \$506,550. It calls for 21 flood retarding dams plus terraces, grass waterways and other conservation measures.

Beckman Gets 1-3 Year Term For Embezzling \$4,000

R. H. Beckman, 43, of 2772 So. 35th was sentenced Tuesday to a one-to-three-year reformatory term for embezzlement.

Beckman pleaded guilty to the charge of embezzling and converting \$4,307.20 as commissioned real estate agent of Mr. and Mrs. Willis J. Bassler between March 26 and June 15.

The money allegedly belonged to the Basslers in connection with a house transaction.

A defense attorney asked the court to consider probation for Beckman in sentencing proceedings. Judge Harry Ankeny pronounced sentence.

Ross said a panel is being set up to see what can be done about making the material available to historians.

He said he is "fairly certain" that a number of World War I documents are still classified, and "possibly" some from the Spanish-American War too.

Ton-Mile Tax Petition Has Plenty Signers

Ton-mile tax petitions have been found sufficient in more than the required minimum number of counties, Deputy Secretary of State Roland Luedtke said Tuesday.

The petitions, under state law must have signers equivalent to five per cent of the vote for governor in at least 38 counties in the last election.

The petitions were found sufficient in at least 42 counties.

The total number of signers in the qualifying counties was 12,734, Luedtke said.

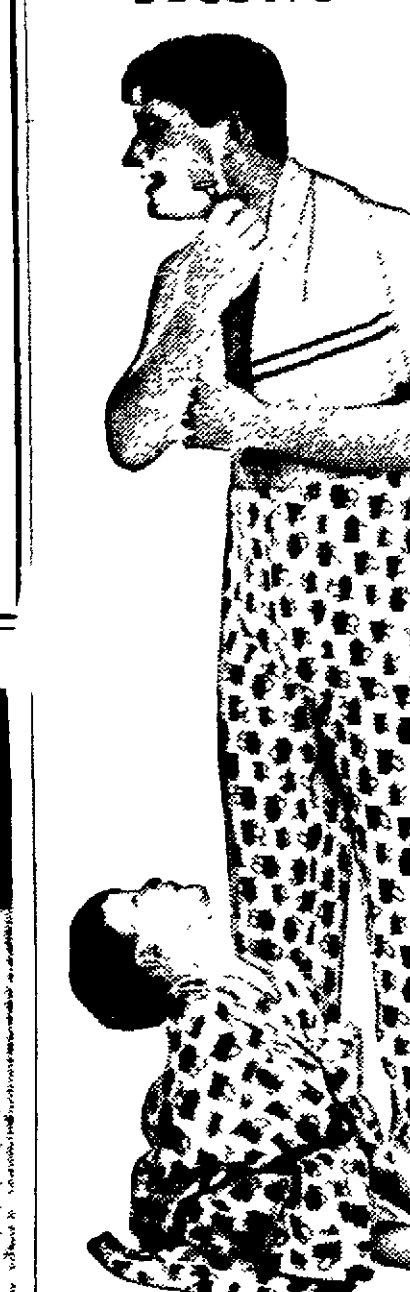

A total of 29,039 signatures also is necessary this year to put an initiative act on the ballot.

Douglas and Lancaster Counties, which were expected to supply the additional "bulk" needed to put the proposition to a vote in November were checked Tuesday. Petitions submitted from these two counties alone carried an estimated 22,000 names.

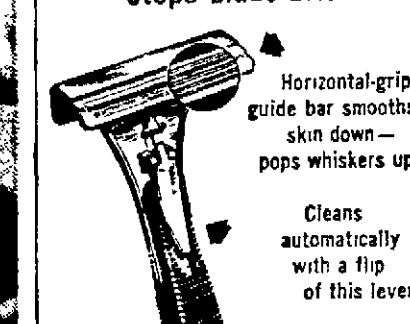

Sponsors of the petitions claimed nearly 50,000 signers for the entire state.

James Googe Jr. Rites Wednesday

Funeral services for James Turner Googe Jr., 32, of Fort Defiance, Ariz., will be 3 p.m. Wednesday at Tabernacle Christian Church.

The Rev. C. E. A. McKim and the Rev. Mark Randle of Kansas City Country Club Christian Church will officiate. Burial will be in Lincoln Memorial Park.

Googe was killed Saturday when struck by a car at a port of entry station at Fort Defiance where he was helping to maintain a National Guard roadblock set up to prevent highway deaths.

He was the son of Dr. and Mrs. James T. Googe of Lincoln. Dr. Googe is director of the Lincoln-Lancaster County Health Department.

The driver of the death car, Al-

Navy's Missile Is Near

A-Weapon Predicted Ready In Few Years

WASHINGTON (AP) — The Navy says it will be only "a few years" before it will be firing ballistic missiles fitted with "high-yield nuclear warheads."

Progress in the field of naval missiles was disclosed by Adm. John E. Clark and Vice Adm. Thomas S. Combs in testimony given to a Senate Armed Services subcommittee and made public Tuesday in highly censored form.

The officers said the Navy has spent 10 years developing its missile arsenal and has achieved a "significant reduction in weight of high-yield nuclear warheads."

By "high-yield" they meant a big explosion from, comparatively, a very small amount of fissionable material. The term is generally applied to hydrogen bombs.

"Few Years" Clark, director of the Navy's guided missile program, testified the Navy's fleet ballistic missile, Jupiter, being developed jointly with the Army, will be in operation in a "few years"—long before the expected perfection of counter-measures against the weapon which travels many times faster than sound.

Clark said "we will be reasonably sure of the form that the ballistic missile will take" within a year, and that the Navy is already studying the types of ships that can use it.

He said submarines are definitely under consideration, that large cruisers could be used and that a battleship may be the best type.

New Efforts Predicted On Steel Strike

WASHINGTON (AP) — Federal mediators conferred for more than an hour Tuesday night with top officials of the striking United Steelworkers. Chief mediator Joseph P. Finnegan said nothing happened to change his view "of the gravity of the situation."

Finnegan, director of the Federal Mediation and Conciliation Service, nevertheless expressed confidence that both the union and management are ready to co-operate in new bargaining efforts to end the 10-day-old strike that has idled some 730,000 workers.

Tuesday's meeting was a step toward resumption of joint union-management negotiations, which Finnegan said would get underway Thursday in Pittsburgh.

David J. McDonald, steelworkers' president, said after the session that the steel industry "forced" the nationwide strike but that the union is "ready and willing to enter into collective bargaining at any time."

Finnegan said the "preliminary" meeting with union leaders at a downtown hotel would be followed by a similar session Wednesday with a management team headed by John A. Stephens, a vice president of U. S. Steel and the industry's chief negotiator.

Following the conference, Finnegan emphasized to newsmen that the government has "no magic wand" to solve the bargaining deadlock.

"This is a collective bargaining problem," said Finnegan. "Our function is to help in whatever way we can."

Gothenburg Group Asks State For Road Resurfacing

A Gothenburg delegation Tuesday afternoon visited Gov. Anderson and State Engineer L. N. Rens to urge early resurfacing of the portion of State Route 47 between the Dawson-Custer County line and the junction with State Route 40 south of Arnold.

The 12-mile stretch became a part of the state highway system last September under an act of the 1955 Legislature. It is surfaced with gravel now.

The state officials told the group, led by W. E. Conway of the Gothenburg Chamber of Commerce, that there are no funds for such a project now, and there are no plans at the moment for blacktopping the road.

A Wausa delegation led by M. T. Tieman Tuesday asked that the portion of Route 98 between Wausa and U. S. 20 be resurfaced in the state system. It was dropped by the 1955 Legislature.

Gov. Anderson told the Wausa group that authority to add a road to the state system now rests with the State Highway Commission.

Art Baker Sued

LOS ANGELES (AP) — Radio and TV announcer Art Baker was sued for divorce by Mrs. Alice P. Baker, who alleged cruelty.

Mrs. Baker is a writer and radio announcer and her husband is master of ceremonies for the "You Asked For It" TV program.

Popcorn Popper Fire

Hot popcorn became too hot for sale at the Municipal Park concessions stand Tuesday night as grease caught fire, charring the corn and damaging the popper slightly. Firemen doused the small fire at the stand, operated by R. H. McPherson and his son, Wayne.

DEATHS

BORNEHEIMER — Funeral for Mrs. Augusta Borneheimer, 78, Elmwood, Neb., will be 2 p.m. Wednesday at the Evangelical United Brethren Church at Elmwood, with the Rev. T. H. Kampman officiating. Dr. Glenn Knapp, slaver, Mrs. Norman Borneheimer, accompanist. Burial will be at Elmwood. Family suggests contributions to the cancer fund. Wadsworth.

BROWN — Funeral for John Brown, 82, of 225 C. at 2 p.m. Wednesday at the St. Paul's Episcopal Church, 1010 S. 10th St., with the Rev. Benjamin Ricker officiating. Jack Brown, organist. Burial at Holy Cross. Family suggests contributions to the cancer fund. Wadsworth.

DODGE — Funeral for Mrs. Della Dodge, 81, 1212 Dakota, at 2 p.m. Wednesday at the St. Paul's Episcopal Church, 1010 S. 10th St., with the Rev. Benjamin Ricker officiating. Burial at Holy Cross. Family suggests contributions to the cancer fund. Wadsworth.

GOODE — Funeral for James Turner Goode, 82, 1212 Dakota, at 2 p.m. Wednesday at the St. Paul's Episcopal Church, 1010 S. 10th St., with the Rev. Benjamin Ricker officiating. Burial at Holy Cross. Family suggests contributions to the cancer fund. Wadsworth.

PEARSON — Funeral for J. Pearson, 82, 1212 Dakota, at 2 p.m. Wednesday at the St. Paul's Episcopal Church, 1010 S. 10th St., with the Rev. Benjamin Ricker officiating. Burial at Holy Cross. Family suggests contributions to the cancer fund. Wadsworth.

STEWART — Funeral for Mrs. Stewart, 82, 1212 Dakota, at 2 p.m. Wednesday at the St. Paul's Episcopal Church, 1010 S. 10th St., with the Rev. Benjamin Ricker officiating. Burial at Holy Cross. Family suggests contributions to the cancer fund. Wadsworth.

WATSON — Funeral for Mrs. Watson, 82, 1212 Dakota, at 2 p.m. Wednesday at the St. Paul's Episcopal Church, 1010 S. 10th St., with the Rev. Benjamin Ricker officiating. Burial at Holy Cross. Family suggests contributions to the cancer fund. Wadsworth.

WATSON — Funeral for Mrs. Watson, 82, 1212 Dakota, at 2 p.m. Wednesday at the St. Paul's Episcopal Church, 1010 S. 10th St., with the Rev. Benjamin Ricker officiating. Burial at Holy Cross. Family suggests contributions to the cancer fund. Wadsworth.

Parker's Defense Cost Set At More Than \$20,000

The defense for Darrel F. Parker cost in excess of \$20,000, a defense attorney testified Tuesday in a Lancaster District Court hearing on Parker's poverty affidavit.

Parker has asked that Lancaster County be required to pay for the bill of exceptions (record of trial proceedings and testimony) in connection with his appeal to the State Supreme Court.

The 24-year-old ex-city forer is serving a life sentence for first-degree murder in the Dec. 14

strangulation slaying of his wife, Nancy.

Atty. Kenneth Cook testified that Parker's father Lynn Parker, has a \$17,000 mortgage on his 120-acre Henderson, Ia., farm as the result of a loan, refinanced during the trial.

Parker had turned over to his father prior to or during the trial a \$900 car, about \$500 in savings bonds, about \$273 from bank accounts, and a bill of sale for his

household goods worth \$800 to \$900, according to his testimony.

Parker has three insurance policies totaling \$17,000 on which "my father is paying the premiums," he said. His father and mother are the beneficiaries.

Parker testified he has no property now except for \$30 at the Penitentiary and a few clothes.

County Attorney Elmer Scheele told Judge John O. Polk that the state has "no evidence to controvert" the defense showing, but had

only wanted to put Parker "on strict proof."

However, Scheele did raise the issue as to whether the District Court has jurisdiction in the matter in view of the fact that the appeal has already been docketed in the Supreme Court and writ of error issued.

The defense attorneys contended that only the lower court has the power to order the bill of exceptions. This properly extends to the payment of its costs, they charged.

A court reporter estimated the record would run to 1,800 pages and cost \$1,000-\$1,200.

Judge Polk deferred ruling and took the matter under advisement, asking the defense to furnish legal authority that the District Court has jurisdiction.

The Supreme Court has issued a writ of error on Parker's petition accompanied with a poverty affidavit there, Judge Polk noted. "The case can't be in two courts at once," he said.

Liquor Hearing Set

FBI Returns \$2 Witness Fee

A \$2 witness fee in the Darrel F. Parker trial has been returned to Lancaster County.

J. Edgar Hoover, Chief of the Federal Bureau of Investigation, returned the county warrant with an accompanying letter that FBI laboratory services and testimony are made available without charge to law enforcement agencies.

The witness fee was routinely paid to the Bureau in connection with the court appearance of an FBI laboratory technician.

'Student Prince' To Feature Four Dancing Groups

Ballet numbers have grown to be a highlight of summer opera in Lincoln's Pinewood Bowl. This year's production, "The Student Prince," includes four dance groups under the direction of Flavia Waters Champe. They include:

Rogers Named By Rocky Mountain Oil And Gas Ass'n.

W. F. Rogers, 39, of Scottsbluff has been named vice president for Nebraska for the Rocky Mountain Oil and Gas Association, state headquarters announced here Tuesday.

Rogers also is chairman of the Nebraska Oil and Gas Association, which opened offices in Lincoln June 1 with Kenneth Monroe as manager.

Rogers, an independent driller, and a geology graduate of the University of Nebraska, was chosen at the spring meeting of the Rocky Mountain Association at Salt Lake City, the announcement said.

NFB Urges 'Vote On Referendum'

A Nebraska Farm Bureau spokesman Tuesday urged more wheat producers to participate in the referendum July 20.

Quoting figures for 1954, Bernie Camp, Farm Bureau's information director, declared "Thirty-seven out of a hundred producers decided the program hinding on all."

"It is not our purpose to condemn the allotment program, but rather to call attention to the past lethargy of producers. The important thing is not whether producers vote 'yes' or 'no', but that those eligible to vote take the trouble to let their choice be known," Camp continued.

State's Treasury Balance Increases \$392,000 In June

Nebraska's treasury balance grew approximately \$392,000 in June, Treasurer Ralph Hill reported Tuesday.

The June 30 total was \$74,266,098, compared to \$73,874,624 on May 31.

The current revenue fund balance at the close of June was \$31,778,947 at the end of May.

Federal funds on hand for use by various state agencies receiving federal aid amounted to \$2,829,685 on June 30. The May figure was \$2,413,918.

The remainder of the total treasury balance represents trust funds, including \$14,318,633 in the permanent school fund, \$7,636,000 in the school employees' saving fund and \$7,946,000 in the veterans' aid fund.
